

OUTSIDE NOW
NATURE CONNECTION EDUCATION

DUSK WALKERS ADMISSIONS PROCESS

Thank you for your interest in our late afternoon/early evening nature connection program for teens. We invite teens who

- want to expand their connection to the natural world.
- want to fully participate with a diverse group of teens.
- aspire to accomplish work that is real and makes a difference in the world.
- strive to express right conduct in regard to self, others, and the natural world.
- agree to be alcohol and drug free in all settings.

The Admissions Process:

1. Complete an Application

First, fill out our online application packet, which includes both teen and parent/sponsor questions. These applications are shared with our mentor team to help us customize program content.

2. Mentor Conversation

If you or program mentors want to get to know one another further before heading out on the trail together, we are always open to meeting. If desired, we will have a 20-30 minute exchange at our central location at 1130 Napa Ave., Rm. 16, Morro Bay. Conferences can be requested by contacting our Welcome Coordinator, Nancy Wright, nancy@outsidenow.org or 805-541-9900.

3. Enroll

Once the mutual decision is made to enroll a teen, payment of the \$395 series tuition secures your placement www.outsidenow.org/payments. If you want to request a payment plan, a contract will be developed for you. A registration packet will be sent to you with enrollment forms, a gear list, and logistics.

If no openings are available, you will be placed on our waiting list.
